

Aylesbury on Sea

Visual Story

When I get there...

The park might be very busy with lots of people and noise.

The big space in the middle of the park has sand and is like a beach.

There are lots of things going on around the park for me to watch or take part in if I'd like.

What can I do at Aylesbury on Sea?

There is lots of sand in the middle of the park,
here I can play in the sand and build sandcastles.

I must not throw the sand.

What else can I do?

There are rides and games.

Sometimes there might be long queues and I will have to wait my turn.

Everything is free.

What might I see?

Every year there will be different shows and performers.

I can get involved if I would like to or I can just watch.

Some of the shows have BSL interpretation too.

Is there any water to play with?

If the weather is good, there will be a special area to play with water. This is called the Super Soaker Arena.

I will have to wait my turn to go in.

I will be given a water pistol to use.

We can play for 10 minutes and will be told when we must leave.

It can get noisy and overwhelming, but I can ask for a special gentle session which I will wait for.

I will get wet.

What should I be careful of?

There is a train that drives all around the park on the path.

I must be careful and always check before walking on the path.

If I would like to ride on the train there is a queue, where I will have to wait for my turn.

Where do I have my lunch?

Lots of people bring picnics and rugs to sit on the grass.

There are some stalls selling food and ice-cream,
but we can bring our own food and drinks.

Where are the toilets?

There are portable toilets in the park, close to the tennis courts.

There are some smaller toilets that I can go in by myself.

If I would like my Mum, Dad or carer to come in with me,
I am allowed to use the bigger disabled toilet.

What do I do if I need help?

I can ask the people in green t-shirts if I need any help. These people are called the Event Crew and are very kind. The people wearing the special sunflower lanyards will be able to help me do all the things I would like too.

What do I do if I need some space?

There is a special place that I can go, if everything gets too much for me. Here I can play with the toys and feel calm.

They have lots of great things for me to do.

The people who work here can talk to me in sign language.

Where will everything be?
